Care Management & Coordination

Care Management

Care management is the administration side of the package to ensure care and services are provided in a timely manner within scope this includes scheduling/cancelling/booking or services, management of documentation and agreements, financial management of the package and feedback management.

Package Coordination

Package coordination includes creation and ongoing management of the HCP budget, ongoing review formal and informal, identification of and increase in services when needed and ongoing support to understand and work with the clients' goals and preferences.

At CapeCare we pride ourselves on teamwork and these fees encompass this value.

| Per Fortnight | Care Administration Management | Package Coordination |
|---------------|--------------------------------|----------------------|
| HCP Level 1 | \$60.38 | \$36.23 |
