

Compassionate and Personalised In-Home and Community Care

Supporting our South West community at home

Capecare has been caring for our older community members for more than 60 years. We are trusted by our clients to help maintain their independence at home, providing a variety of services to make this possible, tailored to their needs.

A Community Social Centre, Respite stays and in home respite care, allied health and in-home care can be combined or stand alone and supported by government funding via Support At Home Packages and the Commonwealth Home Support Program.

We can also provide self-funded tailored care.

Our mission is to support seniors to age in place with dignity.

Our Services

In-Home Care

We help older community members live safely in their own homes by matching them with compassionate, trusted support workers who fit their needs and personalities. Think of it as thoughtful matchmaking for you or your loved one.

In-Home services can be medical (nursing, medication, physio and other allied health services), social, personal (bathing, grooming, dressing), or practical (like cleaning, shopping, meal prep and nutrition, gardening and transport for appointments). We also offer Dementia and Alzheimer's care at home.

Cottage Respite

Capecare offers day, overnight or longer stays in our beautiful Cottage Respite accommodation by the beach in Busselton for community members who live in their own home and are supported by a loved one or carer.

We provide the only Cottage Respite service in the South West. Guests enjoy a welcoming, inclusive environment and can stay as singles or couples for one night or up to six weeks in a private spacious ensuite bedroom. We provide 24-hour care by trained staff and Cottage Respite includes a selection of meals prepared onsite by our catering team.

Social Centre

Our buzzing Busselton Social Centre is available for local seniors for day visits plus access to our physios and other allied health professionals. Clients enjoy social engagement with fellow community members, dedicated, trained care staff and volunteers; a variety of scheduled craft, games, gardening, musical and creative activities; and lunch, morning and afternoon tea and refreshments.
